## TERMS OF SALE.

PHILADELPHIA, January 1, 1917.

**Prices and Conditions of Sale**—All invoices for purchases charged at the prices quoted herein,—unless **special offers** are made by letter or telegram and **referred** to in the order. Not less than ten pounds of one variety will be invoiced at the rates per hundred pounds.

The Prices Quoted are those ruling at this date. We expect to adhere to them through the spring, except where important changes compel us to advance or reduce our prices, when we shall be governed by the market. Ten pounds and more will be supplied at the rates per hundred pounds; half pound and half bushel at pound and bushel rates; but smaller quantities will be charged at a higher rate.

No Charge for Packing or Cartage.—Bags and boxes are charged at Cost. After delivering to forwarders in good order (as shown by Bill of Lading) our responsibility ceases.

Insurance will be effected only when so directed.

Sealed Packages.—We make no charge for sealing pounds, pecks or bushels, but at the low bulk prices quoted, we shall charge for putting up in smaller sealed packages, when so ordered, as follows:

In Ounces,—One cent per ounce, 50 cts. per 100 ounces.

In Quarter-Pounds, Pints and Quarts,—Two cents for each package.

In Two Quarts and Four Quarts,—A charge of three cents per package.

We do not Commission Seeds.—In response to hundreds of inquiries each year, we would state that we positively decline to send out any Seeds on Commission. Dealers handling seeds in packets will be supplied on liberal terms, and by ordering judiciously, those left over can be destroyed, and the business yet be more profitable and satisfactory than the handling of commission seeds.

**Credit**—**To regular customers and well-known houses of established credit.** The limit of time for payment of invoices for purchases from this Catalog is 60 days. All customers whose remittances have not been received 90 days after the dates of invoices will be drawn upon with sight drafts unless credit arrangements were made by agreement.

**Discount**—**Grass and Clover Seeds, Onion Sets and Seed Potatoes.**  
**Net Cash.** All other purchases 2% within 10 days from date of invoice.

---

## Discounts TO THE TRADE From our Retail Prices.

In our Retail Catalog—**BURPEE'S NEW ANNUAL FOR 1917**—are many varieties of seed in packets for which frequently other dealers receive retail orders. We supply

**All Seeds in Packets at 50 Per Cent. Discount.**

**500 packets or more at 60 Per Cent. Discount.**

Excepting the new Spencer Sweet Peas, BURPEE'S FIERY CROSS, and THE PRESIDENT.

Small quantities from our Retail Catalog, which cannot be invoiced at the low pound or bushel prices quoted herein, are charged at the following rates of discount from retail prices:

<b>Vegetable Seeds by the Ounce,-</b>	<b>- - -</b>	<b>40 per cent. discount</b>
<b>Seeds by the Quart or Pint,</b>	<b>- - -</b>	<b>33½ " "</b>

**For prices on Gem and Nasturtium, also Sweet Pea Collections,—see page 58.**

At the above liberal rates of discount the goods travel at expense of purchaser, and when sent by parcel post the cost of postage will be added to the invoice.

**Cable Address, BURPEE, Philadelphia.**

# The Burpee-Quality in Seeds

PHILADELPHIA, January 1, 1917.

TO OUR WHOLESALE CUSTOMERS:

Again we take pleasure in placing before you our Red-List giving prices at which we offer "the trade" the famous Burpee-Quality Seeds.

As heretofore, we know you will be offered seeds at lower prices, but existing conditions warrant no lower prices than those we are now quoting, for seeds of equal quality. Owing to the abnormal weather conditions the crops of Beans, Sweet Corn and Peas are far below what was expected,—and in some instances we have been satisfied to have a return of the seed planted.

In our endeavor to obtain supplies of seed for our retail, market gardener, and wholesale trade, we have in many instances paid a price far above what is asked in normal seasons but under existing conditions we must be satisfied with a smaller profit. Prices quoted are most moderate if we consider cost of replacement of stocks. If the seedsmen of America had not foreseen the disastrous results of the world war now raging vegetable seed which Europe produces exclusively would now be unobtainable.

We enter season of 1917 with a good stock of standard varieties of vegetable and flower seeds and shall endeavor to supply the demands throughout the season.

Although prices in this list have been fixed on the basis of actual values as they appear today wherever possible, should our stocks warrant we shall be pleased to make **special quotations by mail or wire.**

Trusting to be favored with your orders, we are

Faithfully yours,

Burpee Buildings:

North Fifth Street,  
York Avenue and  
Buttonwood Street,  
Philadelphia.

Seed Gardens and Trial Grounds at our famous FORDHOOK FARMS, Bucks County, Pa., SUNNYBROOK FARM, New Jersey, and Burpee's FLORADEALE FARM in California.

A large, flowing cursive signature in black ink. The name "W. H. Burpee" is written in a bold, elegant script. The "W." and "H." are particularly prominent, with decorative loops extending to the right. The "B" in "Burpee" has a long, sweeping tail that loops back towards the left.

# BURPEE, Philadelphia, Is Our Registered Cable Address.

All foreign customers are requested to advise us of their **shortest cable address**. Customers in America who wish to telegraph will also find the following additional code useful.  
Please note the **code-words** below that would be used in our **reply**, either by cable or telegram. For other sentences, use the **5th Edition of A. B. C. Code**.

## FOR OFFERS AND INQUIRIES.

CODE-WORD.	TRANSLATION.
<i>Daubling</i> .....	Telegraph your lowest prices for .....
<i>Dean</i> .....	Mail your lowest prices for .....
<i>Decoy</i> .....	Mail your lowest prices for ....., and send samples.
<i>Defend</i> .....	Telegraph when goods can be shipped.
<i>Defender</i> .....	Advise immediately by mail how soon goods will be shipped.
<i>Deform</i> .....	Can you offer for acceptance by mail .....
<i>Deject</i> .....	Can you offer any .....? If so, telegraph prices.
<i>Delude</i> .....	Can you offer any .....? If so, mail prices.
<i>Derange</i> .....	Telegraph quantities you can offer of following, with prices.
<i>Descend</i> .....	State by letter quantities you can offer of following, with prices.
<i>Descry</i> .....	When can you ship.....?
<i>Deserve</i> .....	Please reply by telegraph.
<i>Desiccate</i> .....	Please reply by letter.

## Code-words that will be used in OUR ANSWERS.

<i>Dab</i> .....	{ In reply to your telegram (letter), we quote for immediate acceptance upon our usual terms for special quotations .....
<i>Dabler</i> .....	Letter written ..... contains full information.
<i>Dacite</i> .....	We accept your order for .....
<i>Dagger</i> .....	We accept your order for ....., and shall ship at once.
<i>Dairy</i> .....	We accept your order for ....., and shall ship as directed.
<i>Damsel</i> .....	We offer you for immediate acceptance, subject to being unsold.
<i>Dance</i> .....	We accept your offer and shall ship as directed.
<i>Dancing</i> .....	Will make you shipment .....
<i>Dangling</i> .....	Accept order for all but .....
<i>Daphnal</i> .....	Can only offer ..... (lbs. or bushels) .....
<i>Dapifer</i> .....	We accept order, but can now only supply ..... (lbs. or bushels) .....
<i>Dapper</i> .....	Cannot accept your order for .....
<i>Dapple</i> .....	{ Part of your order went forward by freight on ..... expect to ship balance .....
<i>Dapperling</i> .....	Can accept your order for only ..... (lbs. or bushels) .....
<i>Dapster</i> .....	We are now sold out of .....
<i>Darby</i> .....	{ Part of your order went forward by express on ..... expect to ship balance .....
<i>Dardanus</i> .....	Please repeat your message, it is not clear.
<i>Dard</i> .....	Cannot now supply ..... but offer as a good substitute .....

## Code for positive ORDERS.

<i>Dare</i> .....	Send immediately the following by <i>freight</i> , per special quotations.
<i>Dargie</i> .....	Send immediately by <i>express</i> following seeds at catalog prices.
<i>Darken</i> .....	Send immediately by <i>freight</i> following seeds at catalog prices.
<i>Darnel</i> .....	Send immediately by <i>mail</i> following seeds at catalog prices.
<i>Dared</i> .....	Send immediately by <i>express</i> the following, per special quotations.
<i>Darling</i> .....	Send immediately by <i>mail</i> the following, per special quotations.
<i>Dasher</i> .....	Send at once .....; let other seeds follow as quickly as possible.
<i>Dashing</i> .....	{ Have you shipped our order? If not, increase if possible our order for ..... to ..... pounds (bushels).
<i>Datary</i> .....	Send .....immediately by express. Balance of order by freight.
<i>Dation</i> .....	Duplicate our last order.
<i>Datisca</i> .....	Book our order and await instructions by mail.
<i>Daturein</i> .....	Please add to our order.

# Telegraphic Cipher (or Cable Code)

## FOR WEIGHTS AND MEASURES.

The telegraphic cipher word for quantities must always precede the cipher words for seed, but if the same quantity of several varieties is ordered, the cipher word meaning that quantity need be placed only before the first. For example:

**Arad Jaundice, Jean, Benares, Calliope, Lamprey, Malmo Balcony,** would mean, ship at once, cheapest route, ten pounds each HELEN PIERCE and JANET SCOTT SWEET PEAS, twenty-five pounds each BURPEE'S ALLHEAD EARLY CABBAGE and BURPEE'S EARLIEST WAY-AHEAD LETTUCE and ten bushels BURPEE'S STRINGLESS GREEN-POD BEAN.

Our customers will find this a very inexpensive way of wiring their orders, but we must caution them that care be taken in writing out the messages, as we cannot hold ourselves responsible for errors arising from incomplete messages or incorrect translation.

**IMPORTANT.—This telegraphic cipher must be used ONLY on orders by telegraph or cable, and never in written orders sent by mail.**

# TELEGRAPHIC CIPHER FOR PRICES.

The cipher or code-words given on this page are principally for our use in making quotations. For example :

**Dab Cefalu Carding Debauch, Tokay Bacon Dilate,** would mean : In reply to your telegram, we quote for immediate acceptance upon our usual terms for special quotations, provided unsold upon receipt of your order, one hundred pounds BURPEE'S SUREHEAD CABBAGE at \$1.65 per pound, two hundred bushels EXTRA EARLY RED VALENTINE BEAN at \$8.65 per bushel. These code-words can be used also if, when placing a telegraphic order, you wish to specify price quoted. For example :

**Dare Angola Perturb Defunct Mocha Bib Diazos,** meaning : Ship at once by freight, as per special quotations, five pounds RUBY KING PEPPER at \$3.10 per pound, sixteen bushels BURPEE'S BUSH LIMA BEAN at \$7.50 per bushel.

☞ By exercising ordinary care in preparing the telegram you can save time and money by the use of our code system. When possible, telegraphic orders are filled and shipped the same day they are received.

For Code-words for Quantities, Orders, etc., see pages 2 and 3.

# Best Seeds that Grow for 1917,

Tested and Proved at our Fordhook Farms.

THIS PACKAGE (IF UNBROKEN) CONTAINS ONE OUNCE OF

Here follows the same "electrotyped" label as printed on our packet bags,— giving in full the name of the variety, and in case of the more important Vegetables and Flowers, also an illustration, description, and frequently directions for culture. Every package bears our full firm name, and is neatly printed in black ink, presenting a more attractive appearance than do the usual gaudy lithographed bags.

Every ounce-package is **dated** as above.

Packets, although not dated (because the electrotypes generally require the entire front of the bag), are all filled with the same choice quality of the **Best Seeds that Grow for 1917.**

**W. ATLEE BURPEE & CO., Seed Growers.**

Seeds of the best quality cost very much more to produce than do seeds of the ordinary commercial grade. And yet many merchants, having little or no knowledge of the value of **High-class Seeds**, purchase their supplies wherever they can be obtained the cheapest. It was brought to our notice that some merchants would buy a bill of seeds from us, obtain copies of our catalogs and show-cards, and then purchase a portion of their supplies from other seedsmen, who, growing "*cheap seeds*," could sell at much lower prices. In many cases planters who purchased from their local merchants, thinking that they were obtaining **BURPEE'S SEEDS**, got only a few of our seeds (perhaps in packets), and often the seeds bought by weight or measure were of inferior quality, falsely sold on our reputation, but for which we were not in any way responsible.

This deception was brought so prominently to our attention some years ago that we debated seriously whether we should not decline altogether to sell **BURPEE'S SEEDS** at wholesale. Further consideration, however, showed us that this would hardly be fair to the honorable merchants who had been handling our seeds exclusively for years. Therefore we announced that—

**Hereafter we will sell Burpee's  
Seeds ONLY in sealed packages.**

Packets and ounces, in *Water-tight Manila Bags*, are sealed, and bear, plainly printed, either **our Name or Registered Trade-mark Monogram**, protected by United States Letters Patent. Quarter-pounds, pounds, pints, and quarts, in paper bags, have pasted across the top a **green label**, as below:

**Burpee's Seeds that Grow  
FOR 1917—"BEST BY TEST"**

**Genuine,—if this Seal is Unbroken**

Facsimile of our well-known "Green Seal."

**SEEDS IN BULK**,—that is, Peas, Beans, etc., by the peck or bushel, and quantities of small seeds in bags, will have **each sack sealed with our Trade Mark on a leaden seal**.

This plan will be a protection to honest merchants from competition with other seeds falsely claimed to be **BURPEE'S SEEDS**, and at the same time will be a guarantee to the purchaser.

**LARGE DEALERS WHO SELL ON THEIR OWN REPUTATION  
CAN BUY SEEDS IN BULK FROM US, AS HERETOFORE.**

While every sack is sealed, the contents can be handled as desired.—except that they must not be sold as **BURPEE'S SEEDS**, unless in original packages.

Burpee's Best "Seeds that Grow"

CHOICEST ANNUAL FLOWERS

EACH VARIETY

5 CENTS

PER PACKET

### BURPEE'S BOX OF FLOWER SEEDS.

This box, which is fully described on page 62, contains 200 packets of the most popular quick-selling varieties, all of the best quality.

BURPEE'S SEEDS GROW

### BURPEE'S NEW CABINET OF VEGETABLE SEEDS.

This cabinet is an ornament to any store. A lid, fitting grooves in the side, accompanies each cabinet, making it practically dust proof when put away for another season's use. See page 63 for full description and list of varieties.

# Burpee's Vegetable Seeds.

TEN POUNDS OR MORE WILL BE CHARGED AT 100-POUND RATES.

 This Price List Cancels all Previous Quotations. 

 A **Telegraphic Cipher** (or **Cable Code**) is attached to each variety, by which orders can be wired at little expense,—using also our code for prices, weights, and measures as given on pages 2, 3, and 4. For example:

**Darken Pelew Balcony** would mean : Send immediately, by fast freight, forty bushels of BURPEE'S STRINGLESS GREEN-POD BEAN at catalog price.

**Dared Breda Cage** would mean : Send immediately, by express, fifty pounds of best select JERSEY WAKEFIELD CABBAGE as per *special* quotation.

**Darnel Amoy Lantern** would mean : Send immediately, by mail, three pounds of seed of BIG BOSTON LETTUCE.

 Please use telegraph cipher only for telegraphic or cable orders.

Telegrams should be addressed,

**W. ATLEE BURPEE & CO., Philadelphia.**

Our Cable Address is: **BURPEE, Philadelphia.**

**Lima Beans** are largely grown for use as *dried beans* in winter and are to be found on sale at almost every grocery store. These "Commercial Beans" are produced cheaply, as they are grown like an ordinary field crop. SEED LIMA BEANS cost considerably more to grow, as the crops are especially cultivated, while the stock must be carefully watched and rogued to keep them *true to type*. Some seasons, unfortunately, many commercial limas are sold for seed purposes.

## The Value of a Guarantee is not in what is said, but who says it.

For forty years we have stated plainly that, where failure is caused by any fault of the seed, we would refund the full price paid. This should convince even new customers that we have confidence both in the quality of BURPEE'S SEEDS and in the great care exercised in their growing, cleaning, and packing. No honest seedsman could assume responsibility for more than the price actually paid by the purchaser.

Celeriac, or Turnip-Rooted Celery.....	<i>Circuit</i> .....	1 75	
Old Seed for flavoring (Soup Celery)....	<i>Circus</i> .....	35	32 00

## Golden Self-Blanching Celery.

This variety, first introduced in America by us in 1884, is decidedly better in quality than the *White Plume*. It is ready for use nearly as early, blanches as easily, and is larger in size as well as finer in quality. It is of dwarf compact habit, with thick, solid, heavily ribbed stalks which blanch easily to a clear waxen yellow. The stalks are crisp and solid, free from stringiness and of delicious flavor.

### Beware of so-called "Cheap" Onion Seed.

The Onion is universally grown in every section and is one of the most profitable market-garden crops, repaying many fold any extra care in preparing, and fertilizing the ground and subsequent cultivation. No feature of this crop, however, is more important than the planting of a strictly high-grade strain of seed, as the proper preparation of the soil and cultivation of the crop involve considerable outlay. The profitable returns depend altogether on the sure ripening of the bulbs, and such a reliable strain of seed can be grown only from choice selected well-ripened bulbs. Our Onion Seed is grown for us under the most thorough and critical inspection, and we confidently claim it is the choicest that it is possible to produce.

## ONIONS.—Italian Varieties.

 Owing to unfavorable weather and conditions existing on account of the war, all Italian Onions are in very short supply.

## Burpee's Seeds Grow!

Lower Prices could easily be quoted were we not practical growers and testers of seeds ourselves. Were we willing to take simply the "say-so" of other growers in America and Europe, without proving the stocks in greenhouses, frames, and open field trials, we should save thousands of dollars annually. In that case, however, we would never have succeeded in building up and maintaining—in spite of close competition—a business that is acknowledged to be the largest direct mail-order seed trade in the world.

WHITE CHINESE OR "CELESTIAL" RADISH.

### RADISH,—Winter Varieties.

## Burpee's Seeds are "Seeds of Success."

The purchaser of BURPEE'S SEEDS does not buy twenty cents' worth of risk with five cents' worth of seeds,—the Trial Grounds enable us to fill packets with seeds only.

Every truck-patch or flower-bed, large or small, is the planter's "trial ground." We desire that our seeds and not your patience shall be tried there.

FORDHOOK FARMS (and SUNNYBROOK) render our desire attainable.

**Quality is the First Consideration** in Burpee's Seeds. The best quality it is possible to produce—that is the rule with all Burpee's Seeds. While our prices must be higher than those of some other houses, yet the quality of the seeds in every case warrants the prices charged. We aim always to excel in quality rather than to compete in price.

**Burpee's Flower Seeds** are just as carefully and as thoroughly tested as our **Vegetable Seeds**, and we know that there is not offered seed of any better quality than stocks we now have in our warehouse.

If you have never carried flower seeds in stock, there is no better way to try the taste of your customers than by offering the special Sweet Pea, Nasturtium, and Gem Collections, offered on page 58.

Our **Flower Seed Box**, offered on page 62, gives a very convenient way of handling the separate packages at a very slight cost.

**"Proved by Test."** Unless you should order some variety that we do not catalog and instruct that we get it for you (when we shall send it at your risk,—in its original package), you may be absolutely sure that you will receive from us only such stocks of strictly high-grade seeds as have been proved absolutely "**Best by Test.**"

Many seedsmen have much to say about tested seeds, but unfortunately with most dealers this applies only to blotter tests for vitality. Our tests for vitality are *soil* tests. While necessary that *seeds grow*, it is of prime importance that they shall be of choicest selected strains, such as can be relied upon to produce products "**true to type.**" This can be learned only by thorough field trials. No other seedsmen in America make so many or such complete trials as are conducted annually at our famous FORDHOOK, FLORADEALE, and SUNNYBROOK FARMS.

# Burpee's New Early or Winter-Flowering Spencer Sweet Peas

It is with the greatest pleasure we offer the following Sweet Pea Novelties, as we feel confident that this new early-flowering race of Spencers will greatly enhance the popularity of the Sweet Pea, it being now possible to grow this charming flower in sections where the summer-flowering varieties were almost valueless. In our Southern States, Japan, Australia, New Zealand, and in fact all tropical and sub-tropical countries, the early-flowering Spencers, if sown in the early fall, will produce flowers in abundance throughout winter and until extreme heat kills the vines.

By sowing Burpee's New Early-Flowering Spencers in many sections of our Southern States towards the end of September or early October, they will begin to flower about the middle of December and continue blooming freely until May. The regular summer varieties of Spencer Sweet Peas sown in the same sections and at the same time will not flower until April. In California they will flower continuously from March until well into summer by sowing in October and November.

With the exception of Yarrawa, the varieties here offered are from our own crosses made at FORDHOOK FARMS, and are the results of seven years' careful work.

## Burpee's Early Enchantress

The flowers are immense in size, measuring two and one-half inches in diameter; they are exquisitely waved or frilled, well placed on stiff stems, and usually produced in threes or fours. The color is most attractive and pleasing. It is a bright rose-pink, becoming deeper toward the edges of standard and wings, gradually softening in tone toward the center of the flower.

Awarded Certificate of Merit by THE AMERICAN SWEET PEA SOCIETY, San Francisco, June 9, 1916. Pkt. (20 seeds) 25 cts.; less usual discount.

## Burpee's Early Loveliness

For dainty and delicate color effect, especially when bunched, this novelty stands head and shoulders above any variety we have seen. The color is white, the entire flower being suffused soft pink until it reaches the edges, which are distinctly picoteed with rose-pink. A flower of immense size and great substance, beautifully waved and usually produced three or four on the longest stout stems.

Awarded Certificate of Merit by THE PENNSYLVANIA HORTICULTURAL SOCIETY at their SPRING SHOW, Philadelphia, March 23, 1916. Pkt. (20 seeds) 25 cts.; less usual trade discount of fifty per cent.

**Burpee's Early King** In color similar to King Edward Spencer, having all the characteristics of that fine variety. A glowing, rich, bright crimson. The flowers are of great size, perfect form, averaging fully two inches in diameter, and are produced freely in threes and fours on strong stems of great length.

Awarded Certificate of Merit at THE INTERNATIONAL SHOW, New York, March 20, 1916; THE PENNSYLVANIA HORTICULTURAL SOCIETY, Philadelphia, March 23, 1915, when exhibited as Fordhook Crimson, also at the Annual Exhibition of THE AMERICAN SWEET PEA SOCIETY, San Francisco, June 9, 1916. Pkt. (12 seeds) 25 cts.; less usual trade discount of fifty per cent.

## Fordhook Pink and White

This is the most popular color in early-flowering Sweet Peas. It is similar to the old Blanche Ferry, having a bright rosy-pink standard with creamy white wings, lightly suffused rose. The immense flowers often measure fully two and one-half inches in diameter, while the form is perfect, the beautifully waved blooms being carried on stiff stems of great length, usually in threes and often fours.

It is an especially early, free, and continuous bloomer. The result of one of our 1909 crosses at our FORDHOOK FARMS.

Awarded Certificate of Merit at THE INTERNATIONAL SHOW, New York, March 20, 1915; SPRING SHOW of the PENNSYLVANIA HORTICULTURAL SOCIETY, Philadelphia, March 23, 1915, and THE AMERICAN SWEET PEA SOCIETY, San Francisco, June 9, 1916. Oz. \$2.00; lb. \$20.00.

**Fordhook Pink** A distinct shade of pink suffused with lavender throughout. The flowers are of large size, exquisitely waved, and usually produced in threes and fours on long stems. Under artificial light it is particularly pleasing. It comes into flower early and is a most continuous and free bloomer. Oz. \$1.00; lb. \$10.00.

## Burpee's Early Pink Beauty

The color is soft rose-pink on white ground, richer toward the edges, gradually softening in color as it reaches the center of standard and wings.

The flowers are of great size, beautifully waved and finely placed on the immense stems, which usually carry three or four of the magnificent blooms.

Awarded Certificate of Merit at THE INTERNATIONAL SHOW, New York, March 20, 1915; the SPRING SHOW of THE PENNSYLVANIA HORTICULTURAL SOCIETY, March 23, 1915, and THE AMERICAN SWEET PEA SOCIETY, San Francisco, June 9, 1916, when exhibited as Fordhook Countess. Pkt. (20 seeds) 25 cts.; less usual trade discount of fifty per cent.

## Burpee's Primrose Beauty

An attractive and pleasing shade of deep primrose, flushed with rose. The flowers are of great size and splendid substance and beautifully waved in true Spencer form, usually produced in threes and often fours on stems of great length.

Awarded Certificate of Merit at the SPRING EXHIBITION of THE PENNSYLVANIA HORTICULTURAL SOCIETY, Philadelphia, March, 1915. Pkt. (12 seeds) 25 cts.; less usual trade discount of fifty per cent.

**Fordhook Rose** This lovely variety is a charming shade of rosy carmine. The flowers are of largest size and usually borne in threes and fours on long stiff stems.

Awarded Certificate of Merit at THE INTERNATIONAL SHOW, New York, March 20, 1915, and at the SPRING SHOW of THE PENNSYLVANIA HORTICULTURAL SOCIETY, Philadelphia, March 23, 1915. Pkt. (20 seeds) 10 cts.; oz. \$1.25; lb. \$12.50.

**Burpee's Rosy Morn** A magnificent flower of great size and substance. Flowers grown under ordinary field culture have measured fully two inches in diameter. The color is a pleasing shade of rose with crimson-scarlet standard, while the immense flowers are usually borne in threes or fours on stiff, long stems. Oz. \$1.50; lb. \$15.00.

**Burpee's Early Sankey** This truly magnificent white was awarded a special Silver Medal when exhibited at the great INTERNATIONAL SHOW in New York, March 20, 1915, also Certificate of Merit at the SPRING SHOW of THE PENNSYLVANIA HORTICULTURAL SOCIETY, Philadelphia, March 23, 1915. Black seeded. Pkt. (12 seeds) 25 cts.; less usual discount.

**Yarrawa** We first exhibited this novelty at the great INTERNATIONAL FLOWER SHOW in New York, March, 1914, where we were awarded a Certificate of Merit by THE AMERICAN SWEET PEA SOCIETY.

From seed sown in early October at FORDHOOK FARMS the plants came into bloom December 20, and bloomed profusely until May. The flowers are exquisitely waved, and when well grown average two and one-half inches in diameter; many of them are duplex or double. They are usually produced in fours on extra-long, strong stems. The color is a bright rose-pink with a clear, creamy base. FLORADEALE GROWN SEED exclusively. Oz. 75 cts.; lb. \$7.50.

# Choice Strains of Tall Sweet Peas,

Including all the desirable varieties—both new and old.

We are acknowledged as

**Floradale Farm** produces in addition to tons of Sweet Pea seed the very finest strains of *Alyssum*, *Calendula*, *Candytuft*, *Centaura Imperialis*, *Cosmos*, *Dahlias*, *Delphiniums*, *Dimorphotheca*, *Eschscholtzia*, *Hollyhocks*, *Marigolds*, *Nasturtiums*, *Pelargoniums (Geraniums)*, *Pentstemons*, *Petunias*, and *Verbenas*.

# BURPEE'S FLOWER SEEDS.

ONE-QUARTER pound furnished at pound rates, and, except where otherwise priced, one-quarter ounce at ounce rates, where not less than sixty cents per ounce. Of the cheaper flower seeds, not less than one-half ounce will be supplied at ounce rates. *Not less than one ounce will be supplied of varieties priced at 15 cts. or less per ounce.*

These flower seeds are all of the finest strains of the best varieties, and are sure to give satisfaction. While many are grown by ourselves at FORDHOOK, FLORADEL, and SUNNYBROOK FARMS, or by our private growers in America, all are tested thoroughly both for vitality and purity. Those that are imported are obtained only from the best growers in Europe, whose crops we have repeatedly inspected. The whole makes a collection unexcelled in uniform excellence of quality and vastly superior to the commercial grades commonly sold.

As is well known, we are headquarters for Sweet Peas (see preceding pages), supplying the most critical trade, both at home and abroad, with thousands of pounds annually.

We call your attention especially to our Nasturtium seed, which is grown for us under careful supervision, and is of a quality much superior to the usual strains offered to the trade. See pages 54 and 55.

## BURPEE'S SEEDS GROW!

This well-known motto is equally true of our Flower Seeds as of Vegetable Seeds. The vitality of each variety is proved thoroughly before the seed is offered for sale.

## CANDYTUFT

Large-Flowered Dwarf Hybrids.

 Few flowers impart such rich "bits of beauty" to the garden as the different types of NASTURTIUMS. In addition to their use in the garden and on trellises we would recommend planting the seed freely along fences, hedges, etc., or wherever it is desired to have bright colors in profusion.

In all, 200 Packets of Flower Seeds.

**40 Varieties**, five packets of each, making a total of 200 packets, which, if sold at 5 cts. per packet, amount to a **total retail value of \$10.00**.

Wholesale Price to the Trade, **\$4.00** for the Box complete.

### Additional Packets

of any of the varieties mentioned above, to fill up the box, will be supplied at the uniform price of

**\$2.50 per 100 packets**, or

**\$2.00 per 100 packets**, when 500 packets or more are ordered at one time.

BURPEE'S POPULAR 25-CENT COLLECTIONS OF SWEET PEAS AND OTHER FLOWERS sell quickly and allow the dealer a margin of ten cents on each collection. Our collections for 1917 are better than ever before,—see page 58.

# BURPEE'S NEW CABINET OF VEGETABLE SEEDS.

 See page 6 for illustration of the cabinet filled.

This is a handsome cabinet, beautifully finished in hardwood, that will be an ornament to any store. It stands 40 inches high and is 30 inches broad, divided into 48 compartments. The front of each packet of seed is shown, while the packets are held in place by a neat metal bar across each compartment. Cost of cabinet alone is \$6.00, but we will supply the **cabinet complete**, filled with **1000 packets** of seed as enumerated below, for **\$25.00**.

 The sale of these (at 5 cts. per packet) will allow a clear **profit of \$25.00**, and give the cabinet **Free**.

Burpee's New Vegetable Seed Cabinet contains 1000 Packets as per List given below.

**\$2.50 per 100 packets**, or

**\$2.00 per 100 packets**, when 500 packets or more are ordered at one time.

## Growing and Saving Tomato Seed at Fordhook.

A FIELD OF BURPEE'S "DWARF-GIANT" TOMATO,—at Fordhook. Men in the distance are picking the ripe fruit while the team is loading for the "washer."

THE "TOMATO WASHER" AT FORDHOOK. Facilities are sufficient to take care of twelve hundred bushels daily. Here we save the seed only, the pulp being hauled on fields and used as a fertilizer.

One of the Seven Entrances to BURPEE'S FORDHOOK FARMS.

## Burpee's Fordhook Farms are the Largest and Most Complete Trial Grounds in America

At FORDHOOK FARMS (supplemented by our farms in California and New Jersey) all seeds are tested, but we "hold fast only to that which is good!" The field trials number fully seven thousand, while more than fifteen thousand soil tests for vitality are made also every year. The vitality can be proved easily before planting, but not even an "expert" examination would reveal whether seeds are of a high-grade pedigree strain or the veriest rubbish.

The fact that more planters order direct from us,—year after year,—than from any other firm in America shows that BURPEE'S "SEEDS THAT GROW" have been proved trustworthy. A mistake may occasionally occur, however, while success depends largely upon conditions of soil and climate, hence no honest seedsman could assume responsibility for more than the price actually paid by the purchaser. For forty years we have stated plainly that, should failure result from any fault of the seed, we would promptly refund the price paid. This ought to convince even new customers that we have confidence both in the quality of BURPEE'S SEEDS and in the safeguards with which we surround their growing, cleaning, and packing.

At no other farms in America is there expended so much time and money each season in "proving stocks," while at no other warehouse is greater care exercised in handling seeds. Planters who may visit Philadelphia are invited to inspect the BURPEE BUILDINGS, where we shall be pleased to explain the workings of the various departments. We have nothing to conceal, and are glad, also, to have customers examine the crops and trials during the season at our FORDHOOK,

SUNNYBROOK and FLORADEL FARMs.

## We Grow More Varieties of Selected Flower Seeds upon Our Own Farms than do any other American Seedsmen.

Besides SWEET PEAS, we grow upon our own farms in Pennsylvania, California, and New Jersey the finest strains of many other flowers. We really "could boast" of our extra selected stocks of AMERICAN ASTERS, ANTHRINUM, AQUILEGIA, BALSAMS, BEGONIAS, CAMPANULA, CARNATIONS, CELOSIA, CENTAUREA, CHRYSANTHEMUMS, CLEOME, COLEUS, CONVOLVULUS, COREOPSIS, COSMOS, SHASTA DAISY, DAHLIA, DIANTHUS, DELPHINIUMS, DIGITALIS, DIMORPHOTHECA, DOLICHOS (both Bush and Pole), ECHSCHOLTZIA, FUCHSIAS, GAILLARDIA, GERANIUM, GLADIOLI, GLOXINIA, GOURDS, HELIOTROPE, HOLLYHOCKS, IPOMEA, KOCHIA, LOBELIA, MARIGOLDS, MIGNONETTE, MOONFLOWER, NICOTIANA, GENOTHERA, PENTSTEMONS, PETUNIAS, PHLOX DRUMMONDII, POPPIES (Annual and Perennial), PORTULACA, SALVIAS, SMILAX, SUNFLOWERS, TORENIA, VERBENA, and ZINNIAS.

We also make a specialty of NASTURTIUMS, and have our own improved stocks of several distinct types that were first introduced by us.

PHLOX DRUMMONDII AT FORDHOOK.—*from a June photograph.*
